Integrator Series™ USB Cables Win SVC Innovative Product Award

Fairfield, NJ – [Comprehensive Connectivity Company](https://www.comprehensiveco.com), the **tested and trusted** commercial connectivity solutions manufacturer to the Pro AV/IT markets since 1974, won a 2023 SVC Innovative Product Award for their [Integrator Series™ USB Cables](https://www.comprehensiveco.com). The 12th annual reader-voted Sound & Video Contractor Innovative Product Awards acknowledges both electronic and mechanical innovations across the Pro AV industry and celebrates the designers and engineers behind each of these products. Winners were selected by thousands of readers through online voting.

What makes Integrator Series™ USB Cables stand out is that they are the world's only complete family of USB Cables designed and engineered specifically for the toughest and most demanding applications AV/IT systems integrators face every day. All Integrator Series™ USB Cables were built to last and are up to 5X more durable on average than standard USB cables. They utilize the finest materials and workmanship to ensure they stand up to the demands of commercial environments.

Integrator Series™ USB Cables are available in Type C, A or B configurations in USB 2.0, 3.0, 3.1 (5G) and 3.2 (10G) speeds including long length extension models. Every Integrator Series™ cable is meticulously manufactured to provide the best resolution and the fastest data speeds all in the most durable, flexible, and trustworthy cables anywhere. Integrator Series™ USB 10G Cables support full 4K@60Hz video with DisplayPort 1.2 alternate mode and support data speeds up to 10Gbps. USB-C connectors are also included on many Integrator Series™ configurations and feature SureLength™ cable length indicators right on the connector head. And of course, as is the case with all Comprehensive cables, Integrator Series™ USB Cables are covered under Comprehensive's worry-free Lifetime Warranty.
