MicroFlex™ 8K Wins 2022 Commercial Integrator BEST Award

Fairfield, NJ – [Comprehensive Connectivity Company](http://www.comprehensiveco.com), the **tested and trusted** connectivity solutions manufacturer to the Pro AV/IT markets since 1974, won a 2022 Commercial Integrator BEST Award for their [MicroFlex™ Pro AV/IT Integrator Series™ Certified Ultra High Speed 8K 48G HDMI Cables](http://www.comprehensiveco.com) in the Specialty A/V Cables, Interconnects, & IR Extenders Category.

The Commercial Integrator BEST (Best Electronics Systems Technologies) Awards recognize outstanding new products, solutions and services that can affect commercial integrators' businesses. Criteria for winning products include innovation, functionality, competitive advantages and benefits to the installer. The BEST Award winners are chosen by a panel of industry experts, integrators and the editors of Commercial Integrator.

What makes MicroFlex™ 8K HDMI Cables stand out is a host of unique features including cutting edge performance, ultra-flexibility, unsurpassed reliability, and exclusive features such as ProGrip™ and Surelength™ all in a low-profile cable that brings you every pixel and decibel 8K has to offer!

With 4 times the pixels of 4K and 16x the pixels of 1080p, 8K has to be seen to be believed! Comprehensive's MicroFlex™ Pro AV/IT Integrator Series Certified Ultra High Speed 8K 48G cables deliver every bit of Ultra HD 8K resolution. Included are support for HDR, Deep Color, 21:9 aspect ratio, up to 32 audio channels with eARC and Dolby Atmos. Even ethernet is built right in. These cables were **designed and built specifically for the daily rigors of systems integration**. Made with **premium quality commercial grade components** including triple shielding to ensure the highest level of signal integrity and superior rejection of EM and RF interference. They are then wrapped in a proprietary ultra-flexible jacket, providing unsurpassed bendability and durability. MicroFlex™ 8K cables then go through rigorous testing and are ATC certified for a lifetime of worry-free performance.

Comprehensive's MicroFlex™ 8K HDMI Cables feature a low-profile design and un-heard of flexibility that make them perfect for use in tight spaces including surface access boxes, equipment racks and other tight spaces including behind flat panels where space is limited. All of these features are included in a cable with a connector head and O.D. that is **up to 40% smaller than traditional HDMI cables**.

Features and Benefits

- Ultra High Speed 8K@60 (7680 × 4320) 4:4:4 Deep Color Sampling as well as 8K100/120, 10K50/60 and up to 10K/100/120*
