Comprehensive Introduces New VersaDock™ VDK-1150 USB-C 4K Portable Docking Station with HDMI, Ethernet and USB 3.0

Fairfield, NJ – In addition to celebrating their 50th anniversary this year, Comprehensive Connectivity Company, the **tested and trusted** commercial connectivity solutions manufacturer to the Pro AV/IT markets since 1974, recently launched their new VersaDock™ VDK-1150 USB-C 4K Portable Docking Station with HDMI, Ethernet and USB 3.0. The perfect solution for setting up a minimal footprint laptop workstation.

Comprehensive's VDK-1500 is the perfect solution for anyone looking to convert their laptop into a full desktop PC workstation. This is especially important in today's Work Anywhere environment. With HDMI 2.0 and USB 3.1 technologies, this new 4K docking station provides a variety of peripherals and up to 4K@60 resolution as well as 100-Watt fast charging power.

This unique dock has two (2) USB-A ports and one (1) USB-C port which allows you to connect a variety of USB enabled devices such as USB flash drives, external hard drives, cameras, printers, scanners and more. There are also built in SD and Micro SD card readers for added flexibility. This docking station features USB Type C pass-through power deliver with up to 100W that can conveniently charge your laptop or tablet while connected. The Gigabyte ethernet port allows for easy LAN connectivity. This palm sized space saving dock allows your laptop to be placed in a smaller footprint with a comfortable working angle. All components are backed by Comprehensive's 3 Year Warranty, so you can be assured this product will work for many years to come.

About Comprehensive

Comprehensive began in 1974 as a simple idea. With audio-visual, video production, broadcast and computer hardware becoming more and more prevalent in business and education, there was an inherent and un-met need for A/V accessories including reliable, professional grade connectivity solutions and accessories required to interface them and make them work. These solutions had to be extremely reliable able to withstand demanding commercial environments. Over the years, Comprehensive cables and signal management solutions became necessities in every professional broadcast, A/V, or computer network environment because they could be counted on to work every time, all the time. Comprehensive quickly became the leading brand of professional connectivity solutions and the Comprehensive catalog could be found on every audio, video, or computer professionals' desk for almost four decades.

50 years later, many things have changed but thanks to our customers, Comprehensive remains the AV/IT industry standard for connectivity performance, reliability, and value. That's why I.T. and audio-visual professionals around the world trust Comprehensive to provide the backbone of their multi-million-dollar computer networks, digital signage systems, interactive boardrooms, broadcast studios, multimedia classrooms, event stages and other mission critical applications.
