Comprehensive Unveils New VersaDock™ VDK-2300 USB-C 4K Dual HDMI Display Docking Station with 120W Power

Fairfield, NJ – In addition to celebrating their 50th anniversary this year, [Comprehensive Connectivity Company](#), the **tested and trusted** commercial connectivity solutions manufacturer to the Pro AV/IT markets since 1974, recently launched their new [VersaDock™ VDK-2300 USB-C 4K Dual HDMI Display Docking Station with 120W Power](#). A slim and versatile docking solution, perfect for anyone looking to expand their device's capability on the go or in tight spaces.

Comprehensive's VDK-2300 is a true productivity docking station that lets you transform your Windows® laptop, MacBook® or Chromebook™ into a full desktop computer workstation. Get more done by hooking up all your peripherals via three (3) USB 3.0 Type-A ports, two (2) HDMI ports for dual displays, a Gigabit Ethernet port, one (1) USB-C 3.0 port for data and one (1) Power Delivery (PD) port supporting Fast Role Swap PD 3.0. There are also built in SD card readers for added flexibility.

This docking station features USB-C pass-through power delivery, with up to 120W that can conveniently charge your laptop or tablet while connected. The Gigabyte RJ45 ethernet port allows for easy LAN connectivity on the go or at your workstation. It supports 10/100/1000Mbps Ethernet connectivity, perfect for business travelers who need to stay connected. With dual display outputs, users can multi-task to work on different jobs simultaneously, which improves efficiency and accuracy. The dual HDMI video outputs support resolutions up to 4K@60Hz for single and 4@30Hz for dual MST display. This unique docking station allows you to send your computer screen to additional monitors or stream independent content to each individual monitor display.

The VersaDock™ 2300 has the perfect port solutions for business travelers, whether in the boardroom or hotel room. Its small footprint makes it easy to carry and bring to your next meeting, wherever it may be. All components are backed by Comprehensive's 3 Year Warranty, so you can be assured this product will work for many years to come.

Features and Benefits

About Comprehensive

Comprehensive began in 1974 as a simple idea. With audio-visual, video production, broadcast and computer hardware becoming more and more prevalent in business and education, there was an inherent and un-met need for A/V accessories including reliable, professional grade connectivity solutions and accessories required to interface them and make them work. These solutions had to be extremely reliable able to withstand demanding commercial environments. Over the years, Comprehensive cables and signal management solutions became necessities in every professional broadcast, A/V, or computer network environment because they could be counted on to work every time, all the time. Comprehensive quickly became the leading brand of professional connectivity solutions and the Comprehensive catalog could be found on every audio, video, or computer professionals' desk for almost four decades.

50 years later, many things have changed but thanks to our customers, Comprehensive remains the AV/IT industry standard for connectivity performance, reliability, and value. That's why I.T. and audio-visual professionals around the world trust Comprehensive to provide the backbone of their multi-million-dollar computer networks, digital signage systems, interactive boardrooms, broadcast studios, multimedia classrooms, event stages and other mission critical applications.
