## Comprehensive Introduces New VersaDock™ USB-C 4K Triple Display Docking Station with HDMI, DP and Fast Charging up to 100W

Fairfield, NJ – [Comprehensive Connectivity Company](#), the **tested and trusted** connectivity solutions manufacturer to the Pro AV/IT markets since 1974, introduces the [VersaDock™ VDK-3500 USB-C 4K Triple Display Docking Station](#), the perfect solution for anyone looking to convert their laptop into a full desktop PC workstation. This is especially important in today's Work Anywhere environment!

With the [VersaDock™ VDK-3500](#), you can simply connect your computer peripherals such as a mouse, keyboard, webcam, portable hard drive, or printer to function as a comprehensive workstation wherever you are working, be it remote or at the office. It is equipped with HDMI and DisplayPort ports for multiple high-definition display monitors to increase productivity. The VDK-3500 features Multi-Stream Transport (MST) technology to be able to send your computer screen to additional monitors or stream independent content to each individual monitor display. Get more done by hooking up all your peripherals via three (3) USB Type-A ports, one (1) USB Type-C, a Gigabit Ethernet port, and a 3.5 mm audio port for all using a single cable. There are also built in SD and Micro SD card readers for added flexibility.

This sleek design dock is perfect for setting up a minimal footprint laptop workstation. With the included dock stand, you can stand the VDK-3500 in a space saving, vertical position to free up space at the office, at home or wherever you are working! VersaDocks™ are durable, built for business and backed by Comprehensive's 3 Year Warranty, so you can be assured they will always work when you need them.

## Features and Benefits

- Turn your Windows® laptop or MacBook® into a full desktop workstation
- Versatile and flexible with stunning 4K single, dual or triple UHD quality display
- Connect multiple peripherals with Three (3) USB 3.1 Type A and One (1) USB 3.1 Type C connectors
